About this resource:

Use this letter assessment resource throughout the year to keep track of the letter names that your students know.

Separate uppercase and lowercase student pages are included as well as a teacher recording page.

There are two versions of the student page: a grayscale version and a color version. The lines are different colors to make it easier for students to track the print. Both pages are the same, allowing you to pick the style that works best for you.

Slide the two student pages in back-to-back in a page protector and it makes a quick assessment a breeze.
