

Trash or Treasure?

I used the gold coins to make a real and nonsense word sort. I used a Sharpie marker to write real and nonsense CVC words on the coins. (Just a tip...go slow when you're writing, the raised image on the coin was a little challenging to write over). I put the coins in a cauldron so students will take the coins from there. They will read the word to determine if it is a real word or a nonsense word and then record it on their paper. You can cut yellow circles from construction paper, if you don't have coins.
