About this Resource

To prepare this activity simply print and laminate the activity mats. There is a small hole in the upper left corner of each activity mat, if you'd like to punch a hole and put them on a metal ring for organizational purposes.

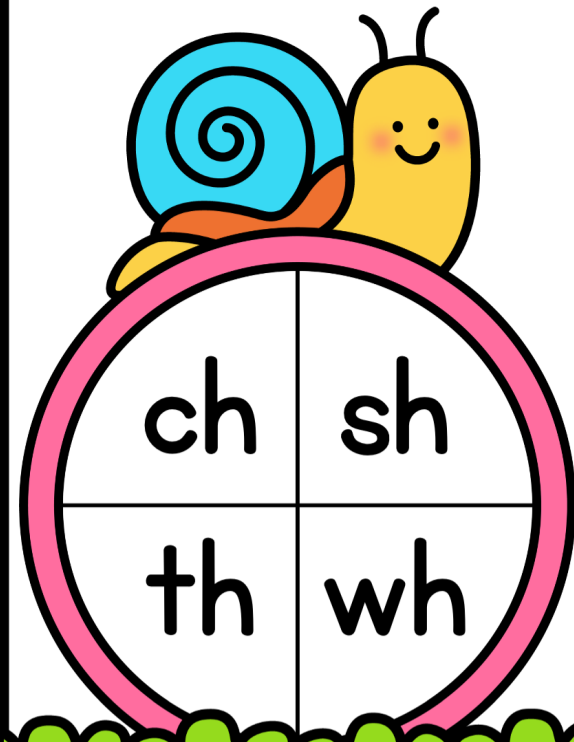

Students will each need a plastic spinner and mini erasers or plastic cubes for this activity.

Students will spin the spinner and identify the digraph or beginning blend. They will cover a picture that corresponds with the blend or digraph they spun. They will continue to play until all the spaces on the mat have been covered.
