KINDERGARTEN MORNING TUBS

Morning Tub Benefits:

- Establishes a consistent routine that students can count on.
- Sets a positive tone for the day.
- Provides a soft start to the day, easing students into learning mode.
- Engages students with hands-on activities as soon as they walk in.
- Students learn through play with activities that feel fun but build real skills.
- Strengthens fine motor skills through hands-on tasks such as stacking and building.
- Fosters independence as students learn to manage materials and complete activities.
- Provides a few extra minutes for attendance, checking folders, or connecting with students

About this resource:

Teacher Prep:
Print and laminate the game board for durability. Two game mats are included.

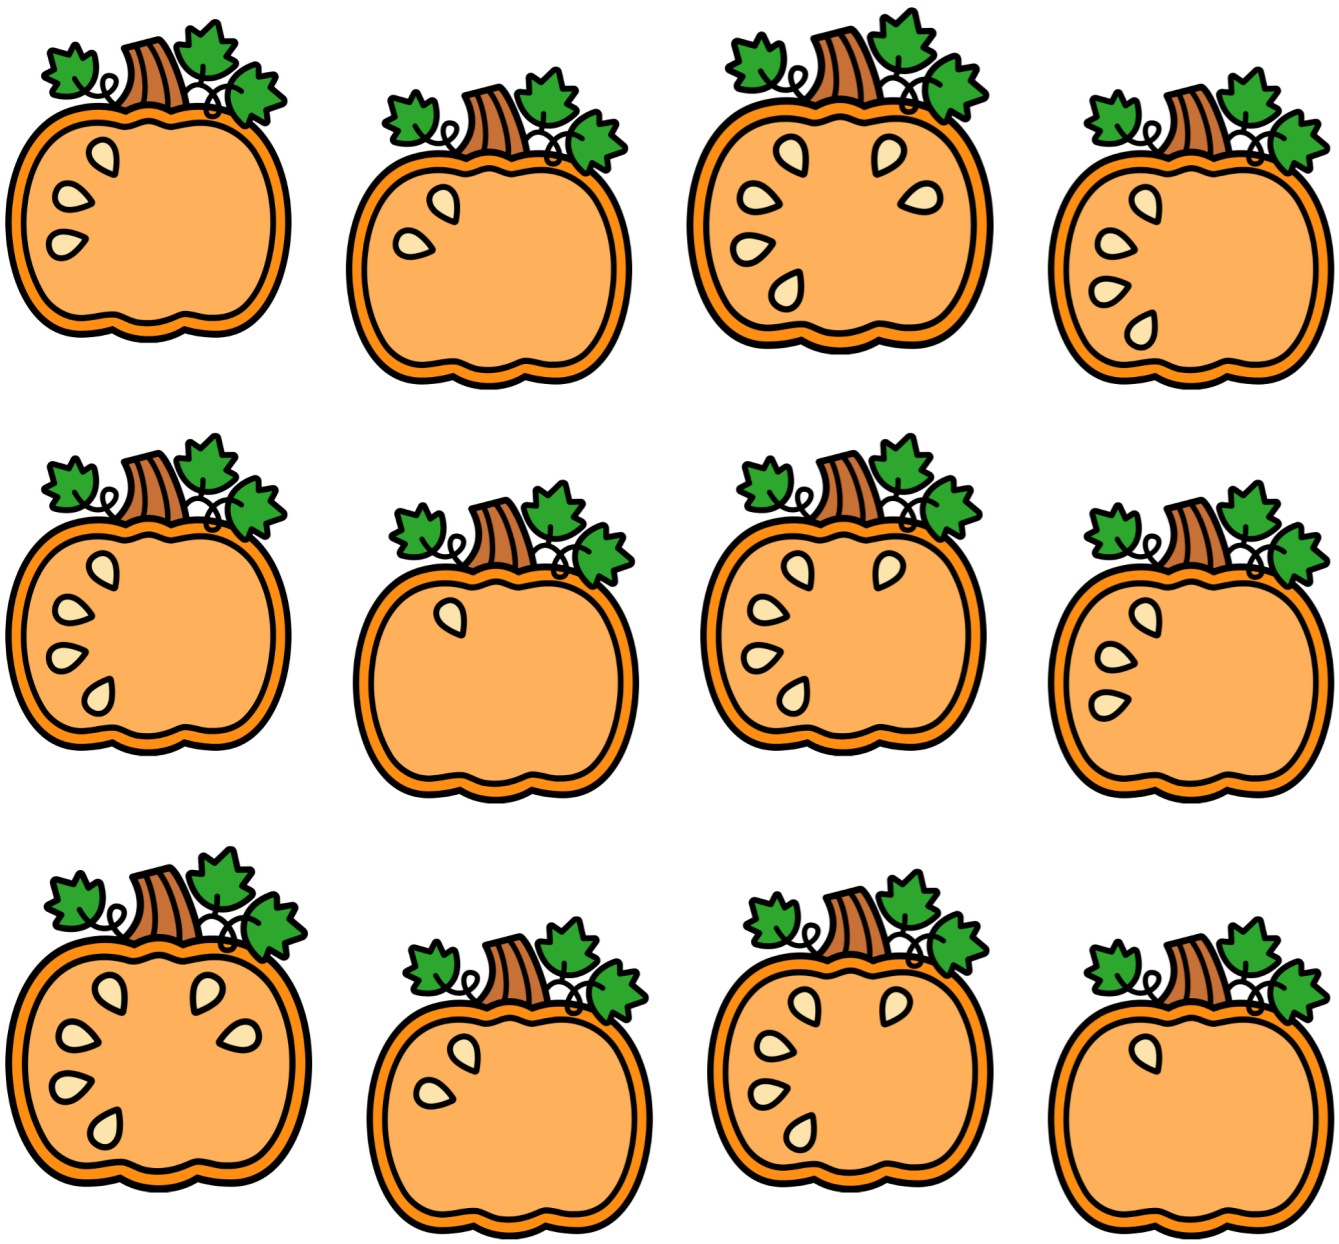

Supplies Needed:
Each group will need a die. Each player will need 10 math cubes of the same color. Each partner should have a different color of game pieces, making it easy to distinguish between them. the winner.

How to Play:

1. Students play with a partner.
2. On their turn, a player rolls the die (or dice), counts, and finds the matching number on the board.
3. They place one of their cubes on that number.
   - If a space already has their opponent's cube, they can **bump it off** and take the spot.
   - If a space already has their own cube, they can add a second cube to **"lock"** it in place (like a king in checkers). A locked space cannot be bumped.
4. Players continue taking turns until one player has placed all 10 of their cubes on the board. The first player to use all their cubes is the winner.

FALL BUMP GAME

How to Play

Roll the dot cube and find the number on the board.

Place a cube on the number.

If another player has a game piece on that number, you can bump them off.

If you already have a cube on the number, add another to lock it.

The first player to use all their cubes wins.
