

FIRE SAFETY BUMP

MATH GAME FREEBIE

About this Resource...

To prepare this activity, simply print and laminate the game board. Students will play with a partner. Each group will need a dot cube(s). Each player will need their own color of ten plastic math cubes. There are two game mats included: numbers to 6 and numbers to 12.

To Play: Students will roll the dot cube(s) and count to identify the number they rolled. They will use a game piece to cover the number on the game board.

If the opponent has a game piece on the number, the player can bump off their opponent's game piece. If the player already has a game piece on the number they can add another game piece to "lock" their position (like a "king" in checkers). A locked game piece cannot be bumped off.

First player to use all their cubes is the winner.

Fire Safety **BUMP**

Roll the dot cube and count to identify the number you rolled.

Use a game piece to cover the number on the game mat.

If another player has a game piece on the number, you can bump them off.

If you have a game piece on the number, you can add another on top to "lock" your position. Then your game piece cannot be bumped off.

First player to use all their cubes is the winner.

Fire Safety **BUMP**

Roll the dot cubes and count to identify the number you rolled.

Use a game piece to cover the number on the game mat.

If another player has a game piece on the number, you can bump them off.

If you have a game piece on the number, you can add another on top to "lock" your position. Then your game piece cannot be bumped off.

First player to use all their cubes is the winner.
