I Can

1. Say the name of the picture to the teacher.

2. Match the number on the card to the picture and show the beginning sound.

Beginning Sound Dab

Additional practice pages to reinforce skills are included in this packet.

Prep work: Print, cut, and laminate the beginning sound picture cards and "I Can" visual directions page. Print the corresponding recording sheet "Beginning Sound Dab." You can either use bingo dabbers for this activity or students can color the circles to show their answer. **Note:** There are four sets of activities included.

Directions: Students will select a card and match the number on the card to their paper. They will say the name of the picture and dab the letter on their paper to show the beginning sound.

THE PRINTABLE PRINCESS

Students will match the number in the upper right hand of the card to their paper. They will say the name of the picture and dab the letter to show the beginning sound.

The activity cards and recording sheets for the 4 centers are picture coded to help keep you organized.

Also includes 12 no-prep printable pages for extra practice and reinforcement.

Students will need a paperclip and a pencil to make a spinner to complete some of the follow up interactive pages. Here is a picture of what that looks like.
