

Letter Expert

About this packet...

This packet contains 26 activity pages to help your students distinguish capital and lowercase letters. Students will begin by tracing the letters on the top of the page. You could have students trace these with a pencil, crayon, highlighter, etc. Another option, you could also have students use crayons or colored pencils to rainbow write the letters, as pictured below.

Students will cut apart the letters on the right side of the page. They will sort the uppercase and lowercase letters and glue them in the large space provided. Finally, students will identify the uppercase and lowercase letters and color {or dab} the spaces. You might want to have students use two colors so that they can color the uppercase letters one color and the lowercase letters a different color.

Letter Expert

Name: _____

Directions: 1. Trace the letters. 2. Cut apart the letters and sort them using the space below. 3. Color the matching uppercase and lowercase letters.
