# About this resource...

This resource includes 26 alphabet activities to help students distinguish uppercase and lowercase letters.

To prepare this activity, print and cut-apart the letter cards. A color and black and white version is included for each letter. It is recommended that you laminate the cards for durability. Slide the cards into plastic pocket cubes also called "Differentiated Instruction Cubes". (If you need the letter cards to be smaller or larger, you can adjust the size in your printer settings.) Print the corresponding recording sheet. Students will need pencils and crayons for this activity.

Students will roll the cube and identify whether the letter is uppercase or lowercase. They will color a space on their paper to record their roll. They will continue playing until all of the spaces are colored. They will trace or rainbow write the uppercase and lowercase letter pairs at the bottom.

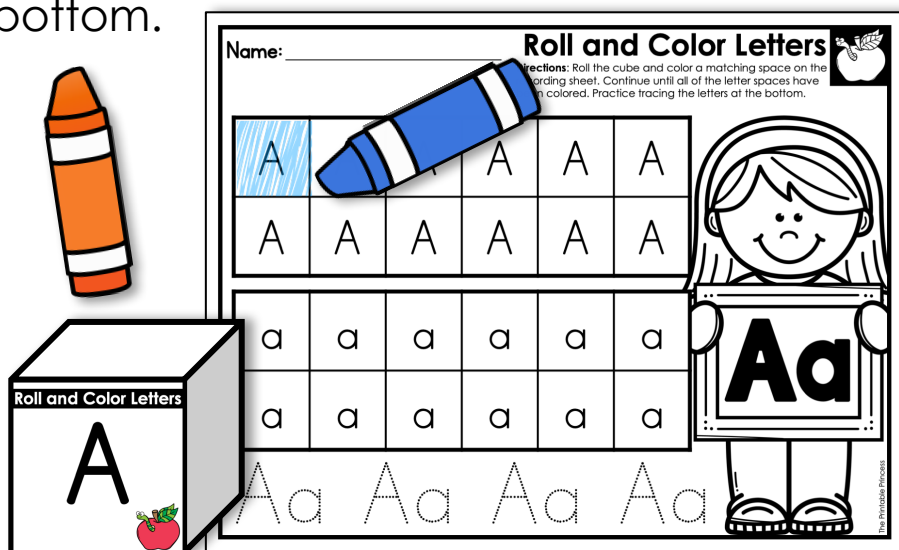

If you're wanting to save on copies, you can slide the recording sheets in a page protector and have students use plastic math cubes or mini erasers to cover the letters.

# Roll and Color

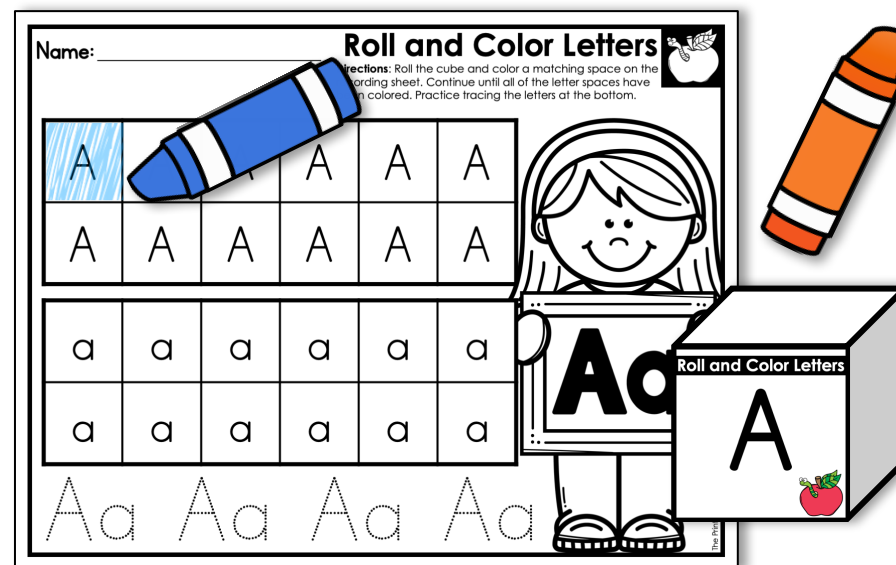

**Prep Directions:** Print and cut-apart the letter cards. You may want to laminate these for durability. Slide the cards into plastic pocket cubes also called "Differentiated Instruction Cubes". Print the corresponding recording sheet. Students will need pencils and crayons for this activity.

**Activity Directions:** Students will roll the cube and identify whether the letter is uppercase or lowercase. They will color a space on their paper to record their roll. They will continue playing until all of the spaces are colored. They will trace the uppercase and lowercase letter pairs at the bottom.

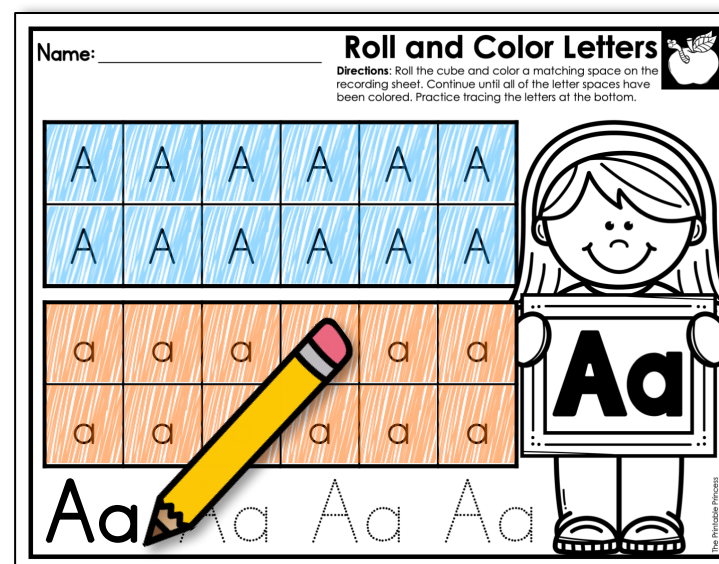

# I Can...

1. Roll the cube and color a matching uppercase or lowercase letter.

2. Trace the letters at the bottom.
