- ✓ Editable sight word practice

What's included?

MATH ACTIVITIES

Roll, Add, & Cover

Prep Directions: Print and laminate the activity mats - 2 included. Students will need two dot cubes and mini erasers or plastic math cubes.

Activity Directions: Students will roll two dot cubes and add them together to determine the sum. They will find the number that matches and cover it. They will continue to play until all the spaces have been covered. (You could also use this as a BUMP game activity.)

Solve and Cover

Prep Directions: Print and laminate the "Solve and Cover" mat. There are two options of "I Can..." cards included. Print, cut, and laminate the math bond cards. Students will need mini erasers or plastic cubes for this activity.

Activity Directions: Students will solve to determine the number that is missing on the card. They will find the missing number on the "Solve and Cover" mat and cover the number.

Show I Less

Show I More

I Can... Roll, Add, and

1. Roll two dot cubes and add them together.

2. Cover the sum.

I Can... Solve and C

1. Solve to determine the number that is missing.

2. Find on the

the benefits of using MORNING TUBS

Consistency

Morning tubs give students a consistent, predictable and organized routine to follow as they enter the classroom each morning.

Soft start

Students need time in the mornings to warm up their brains. With morning tubs, they can ease into the day with hands-on activities.

Key skills

Students gain confidence in key math and literacy skills when using morning tubs. They also help students build independence.

TEACHER REVIEWS

"My students LOVE these morning tubs. There are so many activities to choose from. Easy to prep and keep. I have bought the morning tub bundles for several months now and I am constantly happy with what I get." -Rosana R.

"I use these activities to differentiate instruction for my students. Each student has a "busy bin" to work on when other classwork is completed. With these activities I am able to meet individual students' needs and they love them!" -Craig K.

"Great resources for center work. My students liked the math activities and building the words with magnetic letters! So easy to make and use in the classroom." -Pamela N.
