SECRET CODE CVC Words

Created by The Printable Princess

About this Activity

What's Included: This packet includes 50 secret code CVC word activity mats (10 for each vowel) with corresponding picture cards, 3 different "I Can" visual directions pages, 2 optional recording sheets, and 5 no-prep practice pages. The no-prep practice pages use the same picture codes as the activity, so you can use the same beginning sound reference page.

How to Use: Just print, cut, and laminate the activity mats. It's a good idea to go over the names of the beginning sound pictures with your students before they complete this activity independently. (Picture names can be found on the teacher direction page.) Students will need magnetic letters or dry erase makers to spell the word. You can choose to use a combination of vowels or focus on one vowel at a time. (If you're using a combination of vowels, I would suggest you put no more than half of the cards in a center.) This activity can be used with or without the recording sheets.
