About this resource...

This resource includes 30 no prep activity pages to help students learn to spell CVCe words. There are 4 pages for each vowel sound (A, I, O, and U) along with 14 mixed vowel pages. These activities do not require any prep, which makes them perfect for morning work, homework, sub tubs, time fillers, or literacy activities.

To complete this activity, students say the name of the CVCe picture. They will spell the CVCe word and write it on the line provided. Using the code at the top of the page, students will create a code to match the word. They will draw the code in the box provided. The code stays the same for each page, so that students can focus on spelling CVCe words. **It is highly recommended that you go over the CVCe picture names before students complete the activity page.**

Picture names for each page can be found on page 4. Activity pages are labeled in the upper left corner, which corresponds to the picture name page.

Picture names for code: acorn, bell, candle, domino, eagle, feather, glue, house, ice cream, jar, key, lollipop, moon, nose, oval, pizza, question, ring, seven, tie, unicycle, vacuum, watch, xylophone, yolk, zig-zag.
