Recording Sheets	4 Options Included	49 - 52

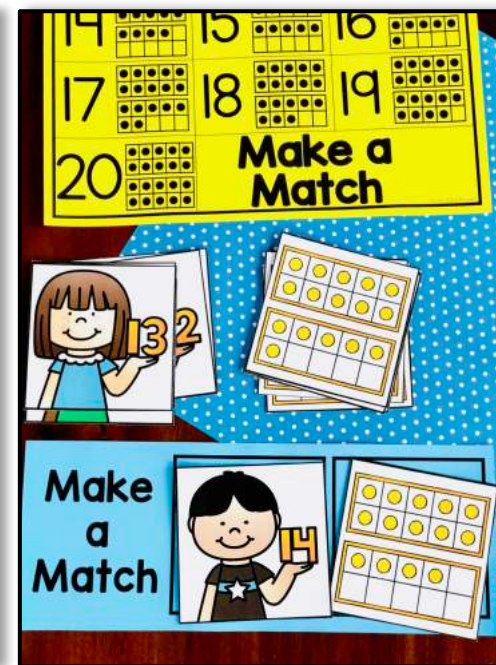

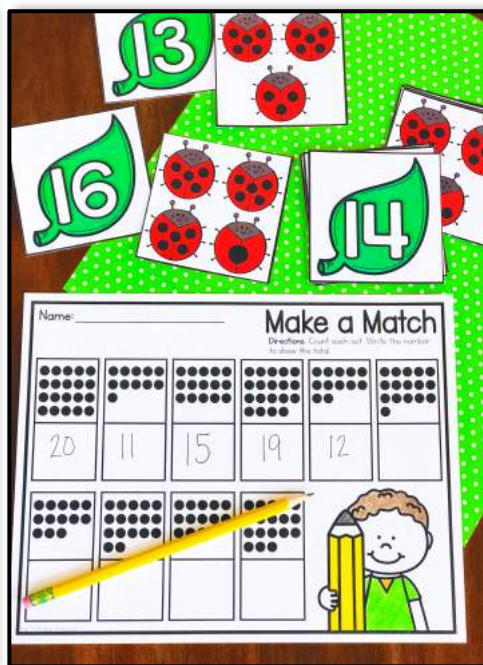

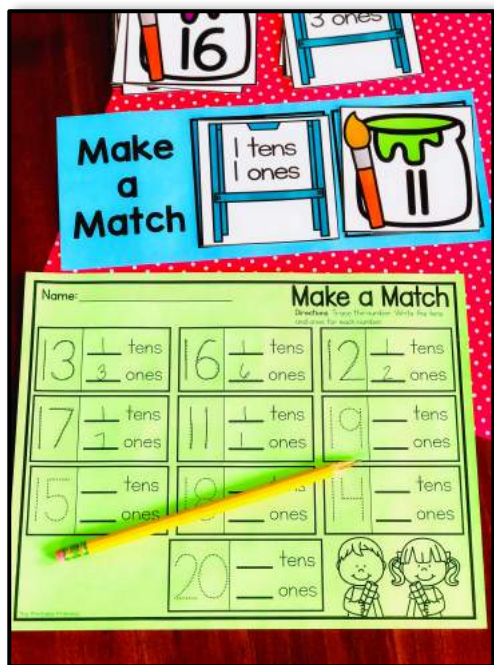

About this packet...

This packet includes:

- 10 themed number matching cards
- 1 "Make a Match" work mat
- 2 number reference pages
- 4 optional recording sheets

To prepare this activity cut apart and laminate a set of the number cards. Print and laminate the work mat and reference page, if using. Print a recording sheet, if using.

Students will count the objects or determine the number presented on the cards and match it to the corresponding number card. Recording sheets are included to hold students accountable. For a different activity, students can turn the cards over and play a memory matching game, use these as partner pairing cards, or have students put the cards in number order. This activity also works great in a pocket chart!

Make a Match

Students will count the objects or identify the number represented on the card and match it to the corresponding number card.

11	12	13
