Read, Write, Make: Black and White Version	<u>42 - 77</u>
Read, Write, Make: Cut and Paste Version	<u>78 - 148</u>

About this packet...

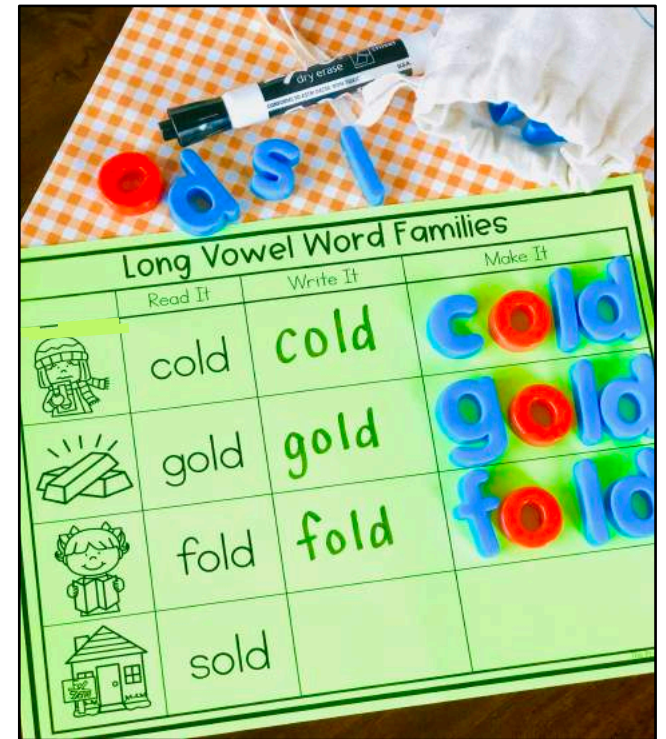

This packet includes:

- 35 Color Mats
- 35 Black and White Mats
- 35 Cut and Paste Activity Pages

This resource includes **two options** for activities: a version that can be laminated and used over and over (color and black and white versions included) and a consumable cut and paste version.

To prepare the activity mats just print and laminate or slide in a page protector. Students will need a dry erase marker and magnetic letters for this activity. If using this activity in a center, it is recommended that you only put about half of the mats out at one time.

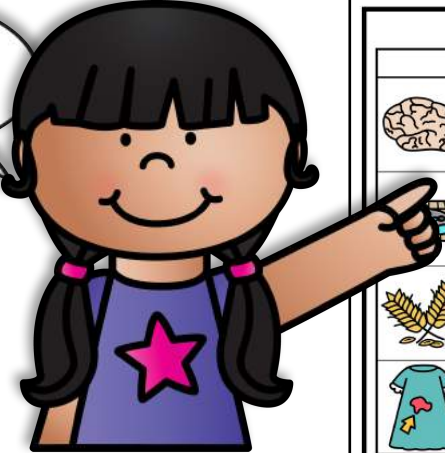

To prepare the cut and paste version print a recording sheet for each student. The letters are printed four sets to a page. Students will need a pencil, scissors, and glue for this activity. You may want to use these as a recording sheet for the activity mats or as a center activity.

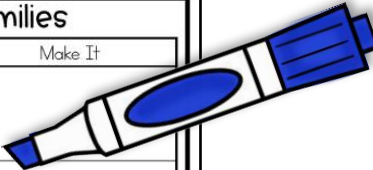

I Can...

Read the word and write it on the mat.

brain

Long Vowel Word Families			
	Read It	Write It	Make It
	brain	brain	
	drain		
	grain		
	stain		

Use magnetic letters to build the word.

Long Vowel Word Families			
	Read It	Write It	Make It
	brain	brain	brain
	drain		
	grain		
	stain		

Read. Write. Make.

Color Version.

Students will read the words on the mat. They will use a dry erase marker to write the word. Finally, they will use magnetic letters to make the word in the last column.
