

MATCH & COVER

Beginning Sounds

Created by The Printable Princess

About this packet...

This packet includes 20 "Match and Cover" activity mats, 5 no prep practice pages, and picture name reference pages.

To prepare this packet, just print the activity mats and laminate or slide in page protectors. Students will need red, orange, yellow, green, and blue plastic linking cubes to complete this activity.

I recommend starting this activity in a whole group or teacher led small group setting. This will give students the opportunity to become familiar with picture names prior to completing this activity independently.

Students will read the letters on the right side of the activity mat and identify the sounds each letter makes. Please note: only short vowel sounds are included. They will use the color code to cover the pictures with the matching beginning sound
