About this resource…

This resource includes 5 rhyming games to play as a whole group or small group. You can mix the cards or keep the sets together.

The games are divided into five sets:

- CVC Words – *begins on page 4*
- CVCe Words – *begins on page 16*
- Short & Long Vowels – *begins on page 28*
- Mixed Practice – *begins on page 40*
- Blends & Digraphs – *begins on page 52*

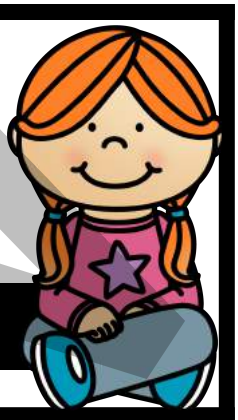
Each game is 12 pages. Each game includes a cover page and 59 rhyming cards. To prepare the activity just print, laminate, and cut apart the cards. There is a hole in the upper left corner of each card. You can punch a hole and put them on a metal ring for easy use and storage.

This resource was designed to be a fun, interactive game to practice rhyming words. By playing your students will practice rhyming skills and other literacy skills like phoneme manipulation.

Directions: Without letting your students see the card, you will read the rhyming statement to them. Students will determine which word starts with the sound you've made AND rhymes with the word. Call on a student to give the answer. The picture on the card is the answer. You can show the picture to the students to provide a visual. Continue to play for as long as time allows.

You can use these games in a small group lesson or as a whole group. I like to play this game as a time filler. For instance, you could put a ring by the front door. If your students are lined up, but you have a minute or two before you have to leave – this is a great activity to keep their attention.

Let's Play a
Rhyming Game!



Set 1 – CVC Words

The Printable Princess

Rhyming Game Set 1

I'm thinking of a word
that starts with /**b**/
and rhymes with **sag**.
