About this resource...

This resource was designed to help students identify sight words and write them correctly in a complete sentence.

Students will practice fine motor skills as they cut, glue, and write the sight words correctly on each page. They will also practice fluency with CVC words by reading each sentence and matching the picture from the choices at the bottom of the page.

A word list and clickable table of contents are included on the next slide.

There is no prep work required, just print the page you'd like to use. Students will also need scissors, glue, and a pencil, colored pencils, or markers.

Students will cut the pictures at the bottom of the page and glue them to the sight word sentence that matches.

This activity is great for morning work, small group instruction, independent literacy stations, or homework
