The Printable Princess - Set 1

# About this resource...

This resource includes six sets of activity cards and corresponding recording sheets. Picture cards and recording sheets are numbered and labeled to keep you organized. Answer keys are on page 6 and 7. Picture names for each set are listed on page 5. It is recommended that you review the picture names with students before allowing them to complete this activity independently.

This resource also includes 10 no prep practice pages. Picture names for the no prep pages are included at the bottom of each page. This way, if you use the pages for homework or leave them for a sub, you can be assured students are using the correct picture names.

To prepare this activity print, cut, and laminate the activity cards. Print and laminate the "I Can" visual directions page. Print the corresponding recording sheet. There are six sets included. Students will need a red, yellow, and green crayon.

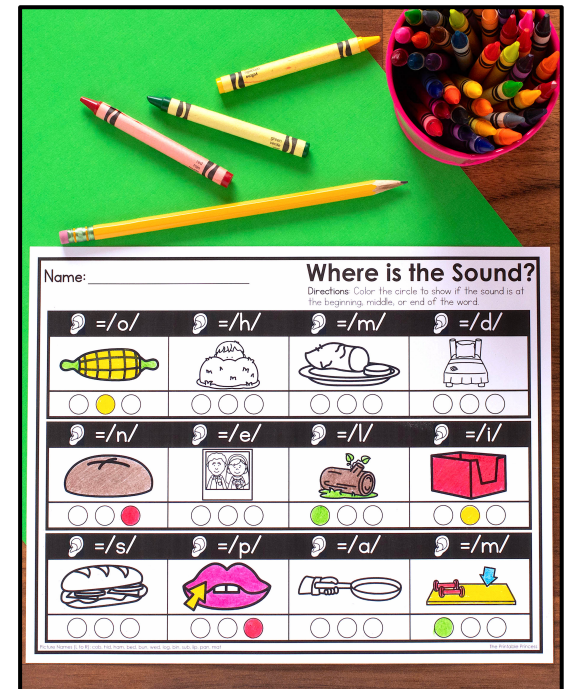

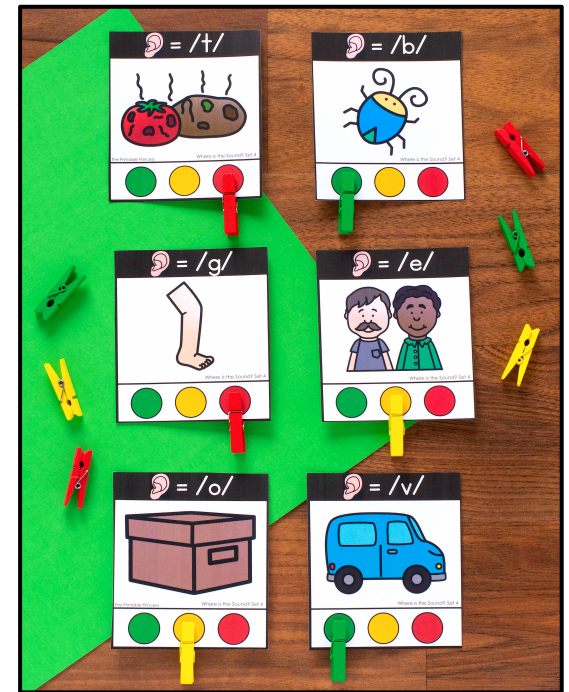

Students will identify the letter sound at the top of the card. They will say and stretch the CVC word/picture on the card to determine where they hear the target sound. They will color the circle on the recording sheet to show their answer.

**Green** = beginning sound **Yellow** = middle sound **Red** = ending sound

You can click on the links below to quickly access what you need.
